PRP MASTER - May 12 2,45pm draft.docx

Here's the current draft with everything you sent me incorporated (except A3 – I heard they're working out their remaining issue and will send a binational draft in to us) or things we discussed on today's call:

- Slight changes to Subcommittee, TT tables – still need any new changes
- A8 timeline graphic fix
- A9 CDN side input is done (waiting for NOAA input which should be coming)
- A5 input from Lorne
